

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

PLEASE NOTE THAT ALL THE QUESTIONS ON THIS FORM NEED TO BE ANSWERED FOR PROPER PRODUCT CONFIGURATION AND FOR PROPER CUSTOMER SERVICE. PLEASE FEEL FREE TO WRITE TO US OR CALL US IF YOU HAVE ANY QUESTIONS OR NEED ASSISTANCE IN COMPLETING THIS FORM.

1) Customer Contact Information:

2) Customer Ship To Address and Contact Information:

2a) Preferred method of shipping:

3) Customer Billing Contact Information:

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

4) APPLICATION PAGE SECTION. PLEASE CHECK OFF ONLY ONE APPLICATION IN THE 4 APPLICATION PAGES. PLEASE FILL OUT A SEPARATE FORM FOR EACH LIGHTING APPLICATION. THIS IS PAGE ONE OF THE APPLICATION SECTION.

Outdoor Applications:		
#1	Tunnels & Bridges	
#2	Parking Lot Lighting/Solar Options	
#3	Exterior Building Lighting	
#4	Golf Course & Driving Range Lighting/Solar Options	
#5	Outdoor Lighting/Solar Options	
#6	Street Lighting/Solar Options	
#7	Neighborhood Lighting/Solar Options	
#8	Neighborhood Park Lighting/Solar Options	
#9	Amusement Park Lighting/Solar Options	
#10	Exterior Hotel Lighting	
#11	Exterior Restaurant Lighting; Canopy Lighting	
#12	Exterior Retail & Department Store Lighting	
#13	Exterior Gas or Retail	
#14	Truck Docking	
#15	Intermodal Lighting	
#16	Rail Docking	
#17	Hot Tub Lighting	
#18	Patio Lighting	
#19	Yard-Grounds Lighting/Solar Options	
#20	Solar Battery Backup Grid Options for any type of LED Light System	

Outdoor Applications:		
#21	Billboards & Roadway Sign Lighting	
#22	Traffic Sign Lighting	
#23	Emergency Lights	
#24	Security-Surveillance-Monitoring-Lighting	
#25	Secure Facility Lighting	
#26	Borders-Secure Perimeters-Fence Lighting	
#27	Pathways-Walkways-Hallways	
#28	Driveway Lighting	
#29	Deck Lighting	
#30	Pool Lighting	
#31	Airport Runway Lighting	
#32	Night Time Farming-Crop-Orchard Lighting	

PLEASE REMEMBER YOUR APPLICATION NUMBER(S) ABOVE TO ADD THEM TO THE FORM AT THE BOTTOM OF PAGE 3.

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

4) APPLICATION PAGE SECTION. PLEASE CHECK OFF ONLY ONE APPLICATION IN THE 4 APPLICATION PAGES. PLEASE FILL OUT A SEPARATE FORM FOR EACH LIGHTING APPLICATION. THIS IS PAGE FOUR OF THE APPLICATION SECTION.

Outdoor Special Purpose:		
#90	Photography & Photographic Lighting	
#91	Theatrical & Stage Lighting	
#92	Stadium & Arena Lighting	
#93	Auditorium Lighting	
#94	Entertainment-Nightclubs-Discos	
#95	Flood Lighting	
#96	RGB Variable Spectrum Greenhouse Lighting	
#97	RGB Variable Spectrum Hydroponics Lighting	
#98	RGB Variable Spectrum Outdoor Night Time Farming-Crop-Orchard Lighting	
#99	Portable Water-Resistant Lighting	
#100	Portable Waterproof Lighting	
#101	Medical-Surgical-Dental Lighting	
#102	Mood Lighting	
#103	Light Therapy	
#104	RGB Variable Spectrum Multicolor Commercial, Retail, Advertising, or Event Applications	
#105	RGB Variable Spectrum Christmas, Holiday, Special Celebration, or other Multicolor Applications	

Please enter all your application numbers from #1 to #105 above that you are choosing for this

product configuration form:

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

5) Effective Lumens Per Fixture Desired:

5a) Number of Units Desired:

6) Lumens above, effective at a Distance (in feet) of: or (in meters) of:

7) To determine mounting and servo/stepper configurations, please tell us what you will be illuminating:

8) For proper mounting accessory configuration of your lighting systems, please tell us what will you be mounting your lighting systems to:

12) What kind of mounting system do you prefer: permanent, removable.

12a) Custom mount desired: Yes, No, # of Custom mounts desired:

12b) Custom mount special notes:

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

13) At what maximum distance would you like the light system to be effective:

30 feet or 10 meters; 50 feet or 15 meters;
 100 feet or 30 meters; Greater than 100 feet or Greater than 30 meters.

14) At what maximum light beam angle would you like each lighting panel on the light fixture to be directing light? Choose a degree:

20 degrees, 30 degrees, 40 degrees,
 60 degrees, 90 degrees, 120 degrees.

Please specify if you would like another specific degree, the option may or may not be available:

15) At what light beam angle would you like the entire light fixture to be directing light?

Choose a degree:

20 degrees, 30 degrees, 40 degrees,
 60 degrees, 90 degrees, 120 degrees,
 180 degrees, 360 degrees.

Please specify if you would like another specific degree, the option may or may not be available:

16) What light frequency would you like the light sources to transmit (please check off what applies):

White Light, Warm White Light, Red Infra Red, Black Infra Red,
 Multicolor RGB (includes white), Ultraviolet

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

17) What color lens filter would you prefer:

(clear, transparent), (white opaque), (a specific color, please name color).

18) At what environmental temperatures would you be operating the lighting systems:

from Fahrenheit (colder), to Fahrenheit (hotter) OR,
from Celsius (colder), to Celsius (hotter) .

19) Do your systems need to be waterproof, yes, no.

20) Do your systems need to be weather proof, yes, no.

21) Do your systems need to be in a hazardous area, yes, no.

22) Do your systems need to be moisture resistant, yes, no.

23) Do your systems need to be fresh water resistant, yes, no.

24) Do your systems need to be fresh water spray resistant, yes, no.

25) Do your systems need to be fresh water proof, yes, no.

26) Do your systems need to be salt water resistant, yes, no.

27) Do your systems need to be salt water spray resistant, yes, no.

28) Do you wish to have a: standard enclosure/lens filter

or a bullet-resistant enclosure/lens filter?

29) What is the area of desired illumination:

(area in square feet).

(area in square miles).

(area in square meters).

(area in square kilometers).

(area in acres).

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

30.0) How would you like to configure the lighting system controller? Please specify all your configuration interests by checking off the features desired below:

- Light Tower, Pole Desired, Length of Pole, # of Poles Desired:
- Intensity Control Desired
- Horizontal Rotational Control Desired, Vertical Rotational Control Desired
- RGB Multi-color Control over Light Sources Desired Text Modulation Desired
- Peripheral Beam Directional Control over Light Sources Desired 180 or 360 DEG
- Cameras Mounted On Light Panels Desired, Quantity of Cameras Per Fixture
- Audio Communication Features Desired
- Data Communication & Control Features Desired
- Cycling/Randomization Features Desired
- Individual Fixture Control Desired
- Fixture Group Control Desired
- Saved Settings, Recall Setting(s), Select Setting, Scroll Settings Desired
- RF Control Desired, RF Control & Communication Desired Hazard Lighting
- Environmental/Weather/Threat/City Alert-Sensing Lighting
- Bi-Directional Line-of-Sight Laser Communications, Bi-Directional Satellite Communications
- Wired Control Desired, Wired Control & Communication Desired
- GPS Location ID, Operating Status, Maintenance Alert, Area Surveillance Reporting, Bidirectional Communications & Control Capability Desired
- Sensor/Multi-Sensor Array Interface Desired
- Other, Please Specify:

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

30.1) Would you like to add Oscillation Modality to your lighting system configuration? (answer yes or no):

Yes, No

30.1.1) Would you like to add attachable TEXT MODULATION DISPLAYS ? Yes, No

30.1.2) If so, specify how many DISPLAYS you desire per purchase order?

30.2) How many fixtures or lighting system units would you like to control with one controller?
(please tell us the maximum number of fixtures or lighting system units you would like to control):

30.3) If you want cameras mounted on the rotatable light panels, please tell us your configuration interests for your camera requirements by checking off your desired parameters and providing the following information:

Infra Red/Thermal Imaging/Night Vision Cameras Desired.

Regular Day Vision Cameras Desired.

Wired Operation Desired.

RF (Wireless) Operation Desired.

Pixel Requirements: mega pixels.

Lens Requirements: Normal, Wide Angle, Telephoto, Zoom.

Lens Details: (specify mm & f-stop):

30.4) Would you like motion sensor automatic ON-SWITCHING? Yes, No.

30.5) Would you like photocell sunrise and sunset deactivation/activation functionality? Yes, No.

30.6) What are your voltage requirements:

110 AC Desired. 220 AC Desired. 12 V DC Desired. 24 V DC Desired.

Other Voltage(s), Specifically: Volts, DC, AC. Solar Options

30.7a) Would you like motion/auto-tracking capability?

a) Yes, No.

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

30.8a) What Threat Monitoring and Sensor Monitoring Options would you like in your systems:

RADIOLOGICAL Sensors Desired.

RFID READER Sensors Desired.

BIOLOGICAL Sensors Desired.

LASER READER/SCANNER Sensors Desired.

BACTERIOLOGICAL Sensors Desired.

IDENTIFICATION CARD/SCANNER Sensors Desired.

VIRAL Sensors Desired.

BIOMETRIC Sensors Desired.

CHEMICAL Sensors Desired.

POTABLE WATER QUALITY Sensors Desired.

EXPLOSIVES Sensors Desired.

FRESH WATER QUALITY Sensors Desired.

TEMPERATURE Sensors Desired.

SALT WATER QUALITY Sensors Desired.

FIRE Sensors Desired.

WATER PRESSURE Sensors Desired.

SMOKE Sensors Desired.

GAS PRESSURE Sensors Desired.

CARBON MONOXIDE Sensors Desired.

FLAMMABLE LIQUIDS Sensors Desired.

AIR QUALITY-GAS TYPE Sensors Desired.

FOOD CHAIN QUALITY CONTROL, CONTAMINATION, FOOD SANITATION Sensors Desired.

BAROMETRIC Sensors Desired.

ENVIRONMENTAL-ECOLOGICAL Sensors Desired.

WIND & WEATHER Sensors Desired.

HEALTH THREAT Sensors Desired.

SEISMOGRAPHIC Sensors Desired.

ENGINEERING or SCIENTIFIC Sensors Desired.

QUALITY CONTROL Sensors Desired.

INDUSTRIAL Sensors Desired.

BARCODE READER Sensors Desired.

COMMUNICATION Sensors Desired.

INFRARED Sensors Desired.

CUSTOM Sensors Desired.

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

30.8b) What Threat Monitoring and Sensor Monitoring Options would you like in your systems (continued):

Please include detailed information/notes for sensors on previous page or for other sensors desired:

New Sensor Development in what area:

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

Drone Configuration Section:

- I/WE am/are interested in drone patrol capabilities with automatic drone standby and recharging platforms that will allow our police department and emergency responders to manually and automatically monitor our city, parks, public areas, high value asset and other facilities; that will allow our counties to engage in better crop management; and that will allow officers and officials to better monitor utilities, communications towers and other city assets-infrastructures, city water and food chain systems, to better enforce sanitation, to make public parking lots and garages safer, to enhance manufacturing, to increase safety where cargo is received in intermodal areas, ports, and marinas, to enhance airport and personal security, to enhance group security, and for many other applications.
- I/WE am/are interested in drone patrol capabilities that can automatically patrol (with manual override capability) and also call or alert police, fire, emergency or other responders to a certain location depending on circumstances.
- I/WE am/are interested and in favor of the development and the utilization of drones and a drone recharging platform network being heavily installed at Border Control areas that can communicate with sensor, camera, microphone equipped canine and personnel units to enhance national security.
- I/WE am/are interested in drone patrol capabilities that can assist law enforcement or security officials to better monitor: public events, stadium activities, amusement parks, golf courses, church festivals, carnivals, business events, tradeshow, flea markets, public gathering places, tourist spots, hotels, museums, auditoriums, church and temple activities, to engage in business and industrial assist monitoring, to engage in security monitoring and surveillance operations assist matters.
- I/WE am/are interested and in favor of drone patrol capabilities to attach drones to squad cars so that law enforcement, S.W.A.T., National Guard, Military, Special Forces, or special units and or reconnaissance patrols can send drones ahead of a squad car or a recon unit when venturing into unknown or dangerous territory.
- I/WE am/are interested in drone patrol capabilities to attach drones to vehicles of all types. Cars, SUVs, Forklifts, Agricultural Equipment, Yachts, Boats, Ships, Helicopters, Jets, Planes, Aerospace Vehicles, Satellites, etc.
- I/WE am/are interested in drone patrol capabilities to monitor highway traffic, city traffic, train, rail, el, bus routes, taxi routes, air traffic, shipping routes, traffic and congestion spots, to help mitigate and control accidents, hazards, disasters, weather, fire, flood, tornado, hurricane, lightning, hail, sleet, snow, avalanche, meteor shower, military, Martial Law and other emergencies.
- I/WE am/are interested in drone/LED Lighting-Sensing capabilities where drones can be used to disconnect & remove LED Lighting Systems & drone recharging platforms & re-attach them after maintenance to reduce maintenance costs & eliminate the need for manned platform riser buckets, special vehicles, & extra personnel for removing & re-attaching lighting systems & drone recharging platforms on poles, towers, & buildings.

For installation purposes, I/WE am/are interested in having the following number of drone recharging platforms per light pole or per installed location (please include any special notes in addition to the number of platforms per light pole desired in the space provided):

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

Other Configuration Notes:

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

31) What is your general profile: Importer/Exporter, Distributor, Reseller,
 Internet Reseller, End Buyer-User (Corporation, not a Reseller),
 End Buyer-User (Governmental), Manufacturer Representative,
 Independent Sales Person, End Buyer-User (Individual)

32) To help us gauge production, and give you the best price, what is your expected Annual Dollar (USD) trade purchase volume that you expect to buy from us (all products and accessories):

Under 1 Million Dollars, 1-10 Million Dollars, Tens of millions of dollars,
 100-249 Million Dollars, 250-499 Million Dollars,
 500 Million to 749 Million, 750-999 Million, A billion dollars or more.

33) How would you like to transact business:

Bank Wire Transfer, Cashier's Checks, Corporate Checks,
 Personal Checks, Money Order, Credit/Debit Card
 Other, please specify:

(Orders are made to order, are entered into the manufacturing queue and are assigned a batch number after the financial transactions above clear. You will receive an estimated date of delivery in your email. Please allow for extended shipping and delivery times especially for international high volume orders).

(The rest of this page is intentionally left blank.)

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

33a) Payment through ACH with order, 1% discount YES, NO

33b) Payment through ACH to escrow account at time of order. Funds will be released to Uriel by escrow agent when goods have been accepted by customer, no more than 10 days after receipt of goods. Escrow fee paid by customer.
 YES, NO

33c) Payment through ACH upon acceptance of goods, no more than 10 days after receipt of goods. Customer secures payment to Uriel by presenting bank letter of credit at time of order, from a bank acceptable to Uriel.
 Yes, No

34) Do you wish to set up EDI with our company? (surcharge will apply) YES, NO

35) Are you interested in entering a multi-year purchasing agreement? YES, NO

36) If entering into a multi-year purchasing agreement to get the best price, how many years would you like to make monthly or quarterly purchases:

37) If entering into a multi-year purchasing agreement to get the best price, what is your preferred frequency of purchase? Monthly, Quarterly.

(The rest of this page is intentionally left blank.)

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

Customer Detail Information & Communication(s) Section. (Please provide as much information here as possible. To best serve you please provide us with more than one way to contact you. If this information changes, please let us know by sending us an email at: management@urielcorporation.com.)

38) If Corporate, Customer Website Address(es) are:

39) Customer Point of Contact(s), Name(s)/Title(s):

40) Customer email address(es):

41) Customer phone number (s) (office/land line) :

42) Customer cell phone(s):

43) Customer (faxes):

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

44) Reseller Assistance Section. To assist you in getting more sales if you are a reseller, tell us how you sell:

Business to Business (B2B), Business to Consumer (B2C), To Government(s)

45) How do you sell? Please tell us which for all of the following:

Through Web Sales, Through Brick & Mortar Sales, Both Web & Brick.

Countries. We would like to sell to the following countries:

Regions. We would like to sell in the following regions of said countries:

States & Provinces. We would like to sell in the following states/provinces of said countries:

Counties. We would like to sell in the following counties of said countries:

Cities. We would like to sell in the following cities of said countries:

Zip Codes. We would like to sell in the following zip codes of said countries:

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

Please answer the following information if it applies to you.

46) Reseller Tax ID Number:

47) Reseller/Corporation State/Country of Incorporation:

48) Reseller/Corporate Bank Account Information:

a)

b) Managed Surplus Inventory Account, for Deepest Discounts Desired

c) AVERAGE QUANTITY OF SURPLUS INVENTORY DESIRED

d) Installation Service Desired e) Quantity to be installed

e) 5 Year Maintenance-Repair Contract Service Agreement (Renewable every 5 years, see terms)

49) Product Configuration ID Number (to be filled out by customer in collaboration w/Uriel Agent):

(Product Configuration ID Number).

50) The following Uriel Corporation data is to be filled out by the customer in collaboration with Uriel Corporation Agent:

a) Uriel Corporation Customer Account Number:

b) Name of Uriel Corporation's Quote Engineer: Sales Executive, Sales Mgr., Sr. VP of Marketing & Sales:

c) Uriel Corporation's Executive or Manager's Office Location and Contact Information:

Uriel Corporation, One Westbrook Corporate Center, Suite 300 Westchester, IL 60154-5709 USA

www.urielcorporation.com, sales@urielcorporation.com, 1 (708) 598-7314.

Page 17 of 18

Uriel Corporation Servo/Stepper Assisted Lighting Technology (S.A.L.T.)™ System Configuration Form

50) The following Uriel Corporation data is to be filled out by the customer in collaboration with Uriel Corporation's sales agent (continued):

d) Name of Authorized Purchaser on behalf of Customer's Company:

e) Contact Information of Authorized Purchaser:

f) The Authorized Purchaser in 50d above certifies that he/she has placed this order after talking to a Uriel Corporation Sales and Marketing Agent, he/she has provided or agrees to all the data in this form and has submitted this form for final editing and review by the Uriel Corporation Manufacturing / Resource Review Team in collaboration with a Uriel Corporation Quotation Engineer:

Yes, No

g) The Authorized Purchaser in 50d above further certifies that:

g.1) he/she has sent this form to Uriel Corporation for final review and editing of the Product

Configuration Order, the Order of which will consist of number of units, where quantity and other specifications cannot be cancelled. The Authorized Purchaser understands that they are required to pay an additional change fee if they require a change after the original order has been submitted. The amount of the fee will be Uriel Corporation's actual manufactured cost. Purchaser further acknowledges that all products will be shipped FOB manufacturing site.

g.2) he/she has locked this PDF form with a security password to PROHIBIT EDITING OF THE FORM prior to sending the Product Configuration Form to Uriel Corporation at sales@urielcorporation.com for final editing approval and configuration by the Uriel Corporation Manufacturing /Resource Review Team,

g.3) he/she understands that Pricing, an Invoice, and estimated Delivery Dates will be forwarded to the Customer prior to the customer receiving a shipment,

g.4) he/she understands that the customer will be given a 10 day evaluation period to evaluate a product sample as ordered before (a) shipment(s) begin(s) of his/her full batch order(s):

Yes, No
